IP Filter	Restrict which network users can or cannot access the device over the network (IPv4 only)	
E-mail Notifications	Automatically have the device send e-mail alerts when it requires attention, such as when the ink is low or needs replacing	
E-mail Reports	Receive usage reports on a regular basis via e-mail	
Secure Function Lock 3.0	Restrict access to individual or groups of users over a network. Can be used with PC User Login Names for up to 100 users	
Secure Print	Protect print jobs with a 4 digit release code required at the device in order for them to be printed
