Overview

KEY FEATURES & BENEFITS

Compact 4-in-1 printer – space-saving design with great performance.

Wi-Fi & Wi-Fi Direct – wireless printing with or without a network[1]

Convenient and efficient – double-sided printing & a convenient 1.44" colour LCD for easy navigation.

4 individual ink cartridges – save money by only replacing colour used.

SLEEK AND STYLISH 4-in-1

The sleek Epson WorForce WF-2910 wireless all-in-one offers auto 2-sided printing and other high-performance features for efficient everyday home printing. Featuring a 1.4" colour LCD for simple setup and navigation, the WF-2910 makes it easy to wirelessly print, copy, and scan documents and photos.

HIGH-SPEED FAXING

Fax as fast as 3 seconds per page, save up to 100 pages in memory, and store up to 100 speed dialing numbers. Using the included PC-Fax, you can even send a colour fax right from your computer. It is a great way to save time and paper.

AFFORDABLE INDIVIDUAL INK CARTRIDGES

Depending on what you are printing – lots of blue skies will mean your cyan will need replacing sooner than other colours – your printer's ink will reduce at different levels. With individual inks you only need to replace one cartridge at a time – the one that actually needs replacing. With tri-colour cartridges, you end up throwing away the entire cartridge even if just one colour runs out, meaning you waste the good ink you have left. Wasted ink is just wasted money. Epson individual ink cartridges means you save money and don't waste ink.

EPSON SMART-PANEL

An innovative interface, the Epson Smart Panel app[2] transforms your iOS® or Android™ mobile device[3] into an intuitive control centre for your Epson WorkForce WF-2910. This powerful tool makes it easy to set up, monitor, print, scan and more using your Epson printer, right from your hand-held device. With quick-configuration features, it offers easy product setup on your wireless network and automatically detects your printer. Customise the app to your own preferences and requirements. Built to offer everything you need in one convenient app, Epson Smart Panel allows you to register your product, order supplies and easily access troubleshooting tips.

POWERED BY HEAT-FREE TECHNOLOGY

The Epson WorkForce WF-2910 is powered by Epson Micro Piezo with Heat-Free Technology. Micro Piezo technology utilises piezo crystals that pulse when electrical signals are sent to them by the printer. It produces incredibly consistent droplets, both in shape and size, to deliver clear and sharp prints.

MICRO PIEZO
HEAT·FREE

CONNECTIVITY

Simple wired & wireless connectivity

The Epson WorkForce WF-2910 supports the latest wireless standard, 802.11 b/g/n[4] and includes Wi-Fi Direct®. Which means no router is required, providing users with greater coverage and faster speeds. You can use your printer from anywhere in your home and share it with multiple PCs.

Wi-Fi DIRECT

Works with Apple AirPrint

Print from your iPad or iPhone

Apple® AirPrint™ makes it simple to print emails, web pages, presentations and documents straight from their iPad or iPhone. There's no software to download, no drivers to install and no cables to connect. Your Apple® IOS® device will automatically connect to the printer.

[1]Most features require an Internet connection to the printer, as well as an Internet and/or email-enabled device.

[2] Requires Epson Smart Panel app download. Data usage fees may apply.

[3] Compatible mobile device operating systems — for iOS: 11.0 or later; for iPadOS®: OS 13.1 or later; for Android: 5.0 or later.

[4] Wi-Fi CERTIFIED™, level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software.

Specification

Printer

This printer is designed to be used only with Genuine Epson ink cartridges. Epson ink cartridges are not designed for refill.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Usage Conditions

Epson products are designed and made to give highly reliable use and long life when used according to its specifications. With any system, product or device used in situations where human life may be involved or at risk, Epson advises that you should take all necessary steps to ensure the suitability of your Epson product for inclusion in your system, and recommends that you include fail-safe procedures and redundancy support or backup equipment in your system, to maintain the maximum safety margin and optimum system reliability. Examples include but are not limited to – do not interfere with any electrical components within the device, do not use items supplied with the product for purposes other than as intended by Epson (ie mains cords, inks, CDs, plastic wrapping) and do not make modifications to the product.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Consumables

Warning to Epson printer owners. Many well known third party companies claim their inkjet printing papers are compatible with all Epson inkjet printers. Epson has reports from many customers who have used third party paper and have been very disappointed with the results. When the same customers have changed to genuine Epson paper, they have been amazed and pleased with the colour and quality of their prints. Epson recommends that you do not use any non genuine printing papers if you want to get the best results from your Epson printer. Epson printers are very carefully tuned to ensure Epson inks and Epson's patented MicroPiezo™ printhead produce the best quality prints using carefully selected Epson paper.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Equipment supplied by Epson Australia is designed to function in conjunction with genuine Epson consumables and accessories specifically configured for it.
