Overview

A compact network A4 scanner with a small footprint while in use, versatile media handling and low power consumption.

- ⌘ Ultra Compact – Small footprint, even when in use
- ⌘ Two-in-one – U-turn path and straight path give you two scanners in one
- ⌘ Document Capture Pro – Advanced scanner functions
- ⌘ Lower environmental impact – Power consumption 3.3 W in ready mode and 1.0 W in sleep mode

The scanner's U-turn path position allows paper to be scanned without adding to the footprint of the device. Switch to straight path mode to scan up to 5 mm thick. Scan to popular cloud based services including OneDrive, Sharepoint online and Microsoft Teams*. With a low power consumption, it has a low environmental impact.

The WorkForce® ES-C320W is a modern and powerful document scanner that simplifies your document management process with its intuitive design and flexibility. With this high-performance workhorse, you can organise stacks of documents and make keeping piles of paperwork for your records a thing of the past. The ES-C320W is designed for fast and easy document management, offering features such as 2-sided scanning and wireless connectivity that keep your business running smoothly.

KEY FEATURES & BENEFITS

Versatile Scanning

The ES-C320W is extremely versatile, handling from envelopes and DL cards (stitched). With the use of a carrier sheet, it can even scan passports and other thick documents. The ES-C320W also comes with a host of enhancement features, such as text sharpness, as well as correcting edge folds, tears, border shadows and more.

U-Turn Mode

Straight Path Mode

Two-in-One

The selector allows you to easily switch between straight path mode and U-turn mode, even while in operation, enabling you to create a single PDF file. In U-turn mode, paper can be scanned without adding to the device's footprint, making it the perfect choice when space is at a premium. This makes it ideal for an office environment where desk space is limited.

Low Environment Impact

With a power consumption of only 3.3 W in ready mode and 1.0 W in sleepmode, it will also save you energy.
