Overview

Get heavy-duty performance for your busy workgroup with the WorkForce Pro WF-4835 all-in-one printer. Featuring the fast print speeds and a 500-sheet paper capacity, it's perfect for high-volume printing – with two trays for hassle-free versatility. Save time with its 50-page Auto Document Feeder and auto 2-sided printing, copying, scanning and faxing. Plus, its 4.3" colour touchscreen offers easy navigation. Combining powerful performance with a space-saving design, it's the ultimate in efficiency.

KEY FEATURES & BENEFITS

Fast print speeds – get enhanced business productivity with speeds of 25 ISO ppm (black) and 12 ISO ppm (colour)¹

Versatile, high-volume paper handling – 500-sheet capacity, with two paper trays to accommodate different sizes and media types, including envelopes

Boost productivity – 50-page Auto Document Feeder and auto 2-sided printing, copying, scanning and faxing

Easy touch-and swipe-based navigation – 4.3" colour touchscreen LCD

Convenient Scanning Features – The WorkForce Pro WF-4835 will scan and save electronic copies of printed reports, or turn documents into editable text with the OCR software included. Additional features include scan-to-PDF. The wireless connection enables the user to select a computer to send a file to the printer's USB port and allows files to be uploaded straight to the PC.

Ultimate efficiency – ultra powerful performance packed in a compact, space-saving printer

Professional quality – High-quality colour graphics and ultra-sharp black text

Ultimate wireless connectivity plus Ethernet – easy iPad®, iPhone®, Android™ tablet and smartphone printing²; includes Wi-Fi Direct®³ for network-free printing

Convenient – available high-capacity XL ink cartridges let you replace ink less often

PRECISIONCORE INKJET HEAT-FREE TECHNOLOGY

Epson Heat-Free Technology does not require heat in the ink ejection process. Instead pressure is applied to the Piezo element, which flexes backwards and forwards firing the ink from the printhead.

In contrast, other technologies work with heat. Laser printers need to heat the fuser to enable printing, for example.

Super Fast auto two-sided print speeds

The WorkForce Pro WF-4835 delivers professional quality, two-sided colour prints at super fast print speeds, making it easy to increase productivity, without compromising quality. Boasting drastically improved print speeds of up to 16 ISO ppm (black) and 9 ISO ppm (colour) two-sided, any project can be handled with speed and ease.

Ultra efficient paper handling

The WorkForce Pro WF-4835 boasts **2 x 250-sheet paper trays**. Additionally, the two-sided 50 page Automatic Document Feeder will copy and scan one and two-sided originals.

High-speed faxing

The **50-page Automatic Document Feeder** enables quick faxing of one or two-sided documents. Faxing speed is as fast as 3 seconds per page, including 180 page memory capacity with storage of up to 99 numbers. For enhanced productivity, PC-Fax is included allowing a fax to be sent directly from a computer.

Change cartridges less often

With the extra-large, high capacity 812XL cartridges, users can print more than two reams of paper at a time before changing cartridges⁴. Utilising the 812XL cartridges, the WorkForce Pro WF-4835 achieves a yield of approximately **1100 pages in black and 1100 in colour**.

Alternatively, for users with lower print volume requirements, the 812 cartridges can achieve a yield of approximately **350 pages in black and 300 in colour**. Replace only the colour you need with affordable, individual ink cartridges.

Save energy, save paper

With the WorkForce Pro WF-4835's automatic, two-sided printing and copying, users can save up to **50% on paper supply**.

Reliability

This dependable workhorse also comes with a one-year return-to-base warranty for dependable service and support. Phone support is included, without charge, for the life of the product.

Epson Connect² - Print anywhere, anytime

The new WorkForce Pro WF-4835 features a new paradigm of mobile printing convenience. **Epson Connect** and other supported services give users the freedom to print photos, documents and web pages wirelessly over a home network, or even remotely from anywhere in the world. Epson Connect comprises of Epson Connect Email Print, which allows customers to print electronic mail and file attachments by sending them to an e-mail enabled Epson printer.

Also part of Epson Connect is Epson iPrint support, empowers users to access, print and save photos and documents on iOS devices.

Users can also scan them to their devices or send them via email. This application can be downloaded free of charge from the Apple® iTunes® store.

Support for AirPrint enables direct wireless printing from iOS devices, without the need for additional drivers or software downloads.

Built-in wireless networking

The WorkForce Pro WF-4835 is **Wi-Fi CERTIFIED™³** enabling networking. The WF-4835 features Wi-Fi Direct enabling users to easily connect to wireless networks in seconds, allowing printing from virtually any room in the office.

4.3" smart touch panel

The WorkForce Pro WF-4835 features a large, intuitive touch panel for quick and easy navigation through critical tasks. Smart and simple icons make any task easy.

Laser sharp text and vibrant graphics

Exclusive to Epson, **DURABrite® Ultra Ink** is a versatile pigment based, 4 colour ink technology which delivers brilliant, ultra-sharp detail on plain and specialty papers. These fast drying inks deliver durable prints which are water, fade and smudge resistant, as well as highlighter friendly.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Usage Conditions

Epson products are designed and made to give highly reliable use and long life when used according to its specifications. With any system, product or device used in situations where human life may be involved or at risk, Epson advises that you should take all necessary steps to ensure the suitability of your Epson product for inclusion in your system, and recommends that you include fail-safe procedures and redundancy support or backup equipment in your system, to maintain the maximum safety margin and optimum system reliability. Examples include but are not limited to – do not interfere with any electrical components within the device, do not use items supplied with the product for purposes other than as intended by Epson (ie mains cords, inks, CDs, plastic wrapping) and do not make modifications to the product.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Consumables

Warning to Epson printer owners. Many well known third party companies claim their inkjet printing papers are compatible with all Epson inkjet printers. Epson has reports from many customers who have used third party paper and have been very disappointed with the results. When the same customers have changed to genuine Epson paper, they have been amazed and pleased with the colour and quality of their prints. Epson recommends that you do not use any non genuine printing papers if you want to get the best results from your Epson printer. Epson printers are very carefully tuned to ensure Epson inks and Epson's patented MicroPiezo™ printhead produce the best quality prints using carefully selected Epson paper.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Equipment supplied by Epson Australia is designed to function in conjunction with genuine Epson consumables and accessories specifically configured for it.
