Overview

KEY FEATURES & BENEFITS

Small-in-One printer – space-saving design with great performance.

Wireless printing and scanning – share one Small-in-One Printer at home.

Simple to use – easy to set up in minutes, with one-touch copying and scanning. The intuitive touch panel gives you everything you need, right at your fingertips.

Epson DURABrite™ Ultra resin coated instant-dry pigment ink – water, fade, and smudge resistant, laser-sharp results - ideal for text documents.

4 individual ink cartridges – only replace the cartridge colours that are used, with a range of cartridge sizes available.

Variable Sized Droplet Technology – delivering enhanced productivity, enabling users to admire accurate document and photo reproduction at up to 5760 dpi resolution.

EPSON Connect² – print and share from anywhere - convenient mobile printing from smartphones, tablets and more.

Everyday Performance

Print and share from anywhere²

Easily print documents, photos, e-mails and web pages wirelessly. Print from the comfort of your couch, your office or even across the globe. Use EPSON® Email Print and the EPSON iPrint mobile app. All you need is an EPSON Connect-enabled printer, router and your smartphone, tablet or computer.

Wireless access from anywhere in your home

The Expression Home XP-240 supports the latest wireless standard, 802.11b/g/n, providing you with greater coverage and faster speeds¹. With Easy EPSON Wireless setup, you can connect to your wireless network via your router in seconds. Use your Small-in-One Printer from anywhere in your home and share it with multiple PCs.

Stylish, Small-in-One Printer design

The Expression Home XP-240 offers the best of both worlds: a sleek, compact design and great features. You get all the tools you need for all your everyday projects, while saving valuable space on your desk.

Easy

Worry-free handling

While many competitive inks often take several minutes to dry, printing with DURABrite Ultra Ink allows you to share documents and photos immediately after printing. Prints are smudge, fade and water resistant. Best of all, plain paper documents resist fading, making it easier than ever to archive important documents.

Better image-enhancement tools

Epson sets the highest standards for image quality. Auto Photo Correction will automatically correct the lighting in poorly exposed images to ensure amazing photos. And, it includes advanced face detection, which distinguishes people from scenery, correcting the colour accordingly to ensure beautiful, natural skin tones for extraordinary results. With just the click of a button and no special software, you can even remove red eye.

Affordable

Brilliant Results. Great Value

The Expression Home XP-240 not only provides brilliant results for the home and office, but also a **smart value choice** for the cost conscious consumer.

With individual ink cartridges, users only replace cartridges as needed, rather than the conventional process of having to replace an entire cartridge despite only having consumed one of the many colours it contains. Plus, users can save more by buying the high capacity **288XL** ink cartridges, printing **2.5x more** than the standard capacity³ or save further with the option of purchasing value packs.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Expression Home series

Built to Perform

Powerful performance at a great value. That's what makes the Expression Home series so amazing. These affordable, feature-rich **Small-in-One** Printers offer award-winning inkjet technology and great versatility combined with **whisper-quiet printing and scanning**. Users get quality results every time. Ideal for all their everyday projects, these **user-friendly** performers make it easy to print and share from anywhere.

The Epson Expression Home XP-240 is backed by a 1 year return-to-base warranty.

Usage Conditions

Epson products are designed and made to give highly reliable use and long life when used according to its specifications. With any system, product or device used in situations where human life may be involved or at risk, Epson advises that you should take all necessary steps to ensure the suitability of your Epson product for inclusion in your system, and recommends that you include fail-safe procedures and redundancy support or backup equipment in your system, to maintain the maximum safety margin and optimum system reliability. Examples include but are not limited to – do not interfere with any electrical components within the device, do not use items supplied with the product for purposes other than as intended by Epson (ie mains cords, inks, CDs, plastic wrapping) and do not make modifications to the product.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Consumables

Warning to Epson printer owners. Many well known third party companies claim their inkjet printing papers are compatible with all Epson inkjet printers. Epson has reports from many customers who have used third party paper and have been very disappointed with the results. When the same customers have changed to genuine Epson paper, they have been amazed and pleased with the colour and quality of their prints. Epson recommends that you do not use any non genuine printing papers if you want to get the best results from your Epson printer. Epson printers are very carefully tuned to ensure Epson inks and Epson's patented MicroPiezo™ printhead produce the best quality prints using carefully selected Epson paper.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Equipment supplied by Epson Australia is designed to function in conjunction with genuine Epson consumables and accessories specifically configured for it.
