

Compact, low profile 9-pin dot matrix printers for industrial and point of sales applications

Compact, fast and reliable

Fast, flexible and well proven the ML280 Elite can be found in a wide range of mission critical applications throughout retail, manufacturing and the service sector. Its compact, low profile design makes it ideal for under the counter positioning in point of sale and workstation applications where space is limited.

Versatile and efficient printing

The ML280 can feed both cut sheet and continuous paper with low tear-off allowing continuous forms to be printed and removed, on demand. Its long life 9-pin print head delivers high quality documents, producing up to 4 copies simultaneously.

Top, bottom and rear paper input paths provide versatility and a platen pin feed is standard to push feed 80 column sprocket feed paper. An optional top pull tractor is available for feeding, narrower width papers and labels.

A Roll Paper Stand (RPS) option is also available for, continuous, tamper free printing of passenger lists, call logs and industrial data logs.

Considering the environment

Low power usage, a long product life and a Mean Time Between Failures of an impressive 20,000 power-on hours means less load on the environment and very little machine down time.

Considering the environment

The OKI brand is one of proven reliability and value. We provide printers that increase our customers' long-term business performance without impacting their budget.

With almost half a century of experience in the impact printer industry, with OKI you are guaranteed a best-in-class, low cost, reliable and easy to use printer. And, for total peace of mind just register your product and take advantage of our 1 Year Pan European Warranty.

Highlights:

- Very compact, low profile design
- 80 column dot matrix printer
- Up to 375 characters per second (cps) print speed
- Long life, 200 million character print head
- Multi-part paper-handling (original + 3 copies)
- Platen mounted pin feed accommodates sprocket paper from 242 to 254mm wide
- 3 million character ribbon life
- OKI Microline, Epson FX and IBM Graphics printer emulations
- Centronics parallel and USB 2.0 interfaces
- 1 Year Pan European Warranty as standard

ML280 Elite - Dot Matrix Printer

PRINTER	
Number of pins	9
Columns	80 (10cpi); 160 (maximum in compression mode)
Character pitch	10/12/15/17.1/20 pitch and proportional
Graphics resolution	Up to 240 x 216dpi
Print speed	Super Speed Draft: 375cps (12cpi); High Speed Draft: 333cps; Utility: 250cps; Near Letter Quality: 62.5cps
INTERFACE AND EMULATIONS	
Interfaces	Centronics parallel interface, USB 2.0
Optional interfaces	Serial RS 232C, Serial RS 422
Emulations	Epson LX, IBM Graphics, Microline
Typeface & font	SSD, HSD, Utility, NLQ, Barcodes
Typestyle	Emphasised, Enhanced, Double Width, Double Height, Italics, Underline, Overscore
PAPER HANDLING	
Continuous paper	76.2 - 241.3mm
First printable line (from top of page)	Continuous (multi-parts): 16.9mm; Cut sheet (single sheet): 15mm
Copy capability	Up to 1 original + 3 copies (continuous paper only)
Paper feeding	Autoload single sheet, Platen pin feed, Low tear-off, Paper end detection
Optional paper feeding	Pull tractor (bottom feed), Roll paper stand

GENERAL FEATURES	
Input buffer	128Kbytes
Power supply	Single phase 220 to 240VAC, +/- 10%, frequency 50/60Hz
Power consumption	Rolling ASCII, Utility: 60W; Sleep mode with RS-232C board: 10.55W or less
Noise level	ISO7779: 51dB(A) (quiet mode); 58dB(A) (Utility mode)
Dimensions (HxWxD)	80 x 372 x 275mm
Weight	4.5kg approx
Print Head life	200 million characters (average) in 10cpi Utility mode at normal 25% duty cycle, 35% page density
Reliability	MTBF: 20,000 hours (duty cycle 25%, page density 35%)
Warranty	1 Year Pan European Warranty
Product order numbers	ML280 Elite: 01138601
ACCESSORIES (ORDER NUMBERS)	
Pull Tractor (bottom feed)	09002363
Roll Paper Stand	09002334
Serial RS 232C	09002353
Serial RS 422	09002357
CONSUMABLES (ORDER NUMBER)	
Ribbon (3 million characters)	09002303

Consumables Information: Only use genuine OKI original consumables to ensure the best quality and performance from your hardware. Non OKI original products may damage your printer's performance and invalidate your warranty.
